❖ “Rita, the counseling you have provided has directly supported me in winning my first major contract with the State of Illinois. As a small business trying to do business with the state, I found it a daunting task. I went through the standard set of things such as getting certified through CMS and registering to receive bid notices on the web site. However, I was unable to secure contracts over a 3 year period. Under your guidance as the PTAC director, I was able to secure my firm's first major contract with the state within 9 months of reaching out to you. Thank you for supporting small businesses such as mine.” –

Gwen Onatolu, Managing Director
Management Resource Services, Inc.

❖ Per your suggestion I contacted Marc Violante with some questions I had regarding Federal Bidding, and you were so right. He does know the process like the back of his hand, and he was very helpful, knowledgeable, patient and motivating. I even learned about new opportunities I wasn't aware of. I will definitely contact Marc again and schedule an appointment after I finish reading the ‘mountains of information’ I was exposed to.” Cheers!

Mona Pearl, COO
Action Marketing Group, Inc.

ILLINOIS PROCUREMENT TECHNICAL ASSISTANCE CENTER

The Procurement Technical Assistance Center (PTAC) program is funded by the Illinois Department of Commerce and Opportunity through a cooperative agreement with the Defense Logistics Agency as a service to those members of the Illinois business community interested in selling a product or service to the government (Federal, State, Local).
